Pigeon Lake P.C.s Meet

Considerable interest was shown in the Pigeon Lake Progressive Conservative organization meeting held in Drayton Valley February 2nd with representatives present from many parts of the new riding. Shown here during the meeting are Dallas Schmidt, Mameo Beach; Norm Moore, Alder Flats; Dick Secord, P.C. organizer, Winterburn, and Bill Tuttle, Drayton Valley, from the left.

Decorating Winners Named

At last Thursday's meeting of the Drayton Valley and District Chamber of Commerce names of winners of the annual Christmas decorating contest were announced.

First place was awarded to D. Greiner; 2nd, A. Eckert and 3rd, J. McLean. The winners will be presented with engraved plaques this year rather than the customary cash prize.

Lack of Interest Cancels Course

The Business Development Course, planned for February 14 and 15, has been cancelled due to lack of response. A minimum of 15 applicants were required to hold the course and only five applications received.

Speaking at last Thursday's Chamber of Commerce meeting, Mr. Don Vanstone, Drayton Valley's Industrial Development Coordinator, expressed regret at the small amount of interest shown and noted that businessmen and civic leaders were doing themselves and the community a disservice by failing to support the program.

The course, he said, would have entailed a good look at the community and would help determine the course to follow to ensure future growth and progress.

Business development is designed to help citizens of growing communities deal effectively with development problems and has been receiving special emphasis in recent months by the Vocational Education Division of the Alberta Department of Education. Commun ities where it has, or is being held, are Camrose, Athabasca, Whitecourt, Blairmore, Peace River, Grande Prairie, Hinton, Edson, Drumheller, Hanna, Medicine Hat and Lethbridge.

The courses are arranged and promoted by business training supervisors of the Division of Vocational Education, in conjunction and financial assistance from the Federal Department of Manpower.

Chamber members voiced concern that many conflicting events interferred with possible enrolments and suggested that an attempt be made to reschedule the course during April.

Mr. Vanstone agreed to investigate the possibility of rescheduling, but added that if such were the case, persons concerned would have to make an effort to pass up less important matters in favor of the course.

Locally Sponsored School Encouraged

The subject of a summer skating school has been discussed at two recent meetings of the Drayton Valley Recreation Board. At the regular meeting on February 2nd it was decided to rent the arena to Mr. Harry Nevard for this purpose, but at a special meeting February 5th the matter was reconsidered and it was decided to approach the Drayton Valley Figure Skating Club with a proposal that it conduct the school rather than Mr. Nevard.

Rental fee for the arena for such a school has been established at $100 per day. The board, at its special meeting, discussed thoroughly the rental and all factors of the summer school before making its decision to approach the Figure Skating Club with its proposal.

After looking into all practical aspects of installing a "bubble" over the Drayton Valley outdoor swimming pool, Reg Samis reported that the cost of keeping the "bubble" heated and to get it installed among other unforeseen problems, would be far too expensive for the Town. The possibility of purchasing a "bubble" for the swimming pool here has therefore been tabled indefinitely

However, if the School Board would consider including an indoor pool in a new school if one is to be built in the future, the project may be possible. The matter was further discussed and a motion made and carried that if a new school or addition to a school is to be built in the future that the board get in touch with the Town of Drayton Valley and County of Parkland to get their feelings on giving financial aid in conjuction with the School Board on building an indoor pool as part of the school's Phys. Ed. facilities.

A revised Budget was presented to the Board and discussed. Mike Gormley will have a finalized Budget prepared for the next meeting.

In order to be eligible for a $15,000 grant this year, the Board must submit a petition for the money and have a definite plan ready by the 1st of July, 1970. It was suggested that the board ask Mr. Bill Tuttle to come to the next regular meeting with a definite plan and approximate price of adding additional dressing rooms, an air de-humidifier and the possible renovation of the front room into a Teen Centre in the Civic Arena.

Other business of the meeting included discussion of the merits of membership in the Alberta Recreation and Parks Association.

The board voted against joining at this time.

Several items pertaining to operation of the Civic Centre were also discussed.

Next meeting of the board will be held March 2nd.

CHAMBER NAMES NEW OFFICERS

At the annual meeting of the Drayton Valley and District Chamber of Commerce held last Thursday, President Bob Cowan was returned for a further term. About twenty members were present for the noon meeting held in Dave's Cafe.

Along with the re-election of Mr. Cowan, the meeting elected Bob Gordon and Wes Ratzlaff as 1st and 2nd Vice-Presidents and Peter Van Der Weide as treasurer. The permanent secretary is Shirley Thompson.

Directors elected are: Wendy Sekura, Dutch Vandorp, Gunther Schmidt, Dale Gaehring, Claude Albert, Otto Nikel, H. Hamdon, Don McKenzie, Bill Johanneson, Ron Smith, Roy Burrows, Jerry Pohling and Gene Harris.

The membership committee reported that the organization presently has thirty-nine paid up members and expects to reach a total of about 100. The meeting decided in favor of retaining the noon meeting time rather than changing to evening meetings.

Included in business of the meeting was reference to the clouds of black smoke from the burning of waste oil seen frequently in the Drayton Valley area.

In view of the critical pollution problem facing the world, members expressed the opinion that measures would soon be required to dispose of waste in some other manner that would eliminate the smoke situation and yet not interfere with or add unreasonably to the cost of oilfield operation.

It was decided to write to the Alberta Oil Conservation Board to determine the alternatives available to oil producers.

A report to the meeting indicated the possibility of Drayton Valley being selected as the site of this year's convention of the Provincial Planning Board in late May or early June. A committee of the chamber is to look into the availability of accommodations and the feasibility of hosting the meeting.

The meeting was told of complaints regarding business licensing and informed that the new legislation, enacted last year, would be reviewed by Town Council.

The possibility of re-activating Zone 7 of the Alberta Tourist Association has been suggested from other communities in the area and it was decided that a committee from the local chamber should follow up the suggestion. Bill Johanneson was named to head the committee and authorized to name members to assist.

New Phone Facilities at Alder Flats

Alberta Government Telephones is placing $316,693 in new facilities into service in Alder Flats on March 1st.

A new dial office is being completed at a cost of $119,340. It contains the most modern SA-1 crossbar switching equipment, and has the capacity to handle 240 telephone lines.

A $197,353 buried distribution system is being put into service in the surrounding rural area. Approximately 135 miles of buried cable and wire are involved in this project.

The new facilities will bring service to 137 subscribers and 92 prospective subscribers.

Free Publicity Available

Town Secretary-Treasurer Bill Johanneson advises that organizations planning summer events may get additional free publicity by contacting him at the Town office.

All notices, from town and district points, concerning summer fairs, shows, sports, etc., will be forwarded by Mr. Johanneson for publication in "Within Our Borders" and other Provincial Governament publicity material.

Mr. Johanneson must have notice of your event before March 14th to meet the printing deadline.

AIR CADET BANQUET THURSDAY

Thursday night, February 12, the Legion hall will probably be bursting at the seams when the local Air Cadet Squadron Civilian Committee sponsor the an nual banquet for all cadets and their parents.

With seventy-nine cadets enrolled in the squadron this year this could bring out well over one hundred and fifty to enjoy the program prepared in large measure by the cadets themselves.

All parents of cadets are asked to make every effort to attend. Admission for each parent will be $1.50 which will help defray some of the costs of the banquet. By attending, parents will tangibly show their support of the Cadet movement and more fully come to understand what the Air Cadet movement is attempting to do for our youth.

So come out this Thursday night at 7:00 p.m. in the Legion hall with your cadets. You won't be disappointed.

Parkland Teachers Attend Annual A.T.A. Convention

Teachers from Parkland County will be among the 2,500 to gather in Edmonton on February 12th and 13th for the North-Central area convention of the Alberta Teachers' Association.

The convention opens at 8 p.m. Wednesday, Feb. 11 and continues Thursday and Friday. Guest speakers at the opening include Provincial Treasurer A. O. Aalborg and Opposition Leader Peter Lougheed, filling in for former prime minister John Diefenbaker. Mr. Diefenbaker had to cancel his visit because of other commitments.

Convention sessions will be held at the Macdonald Hotel and Chateau Lacombe. It is the second convention of the North Central district, which covers the largest area of any teachers' convention district in Western Canada.

More than 70 speakers and panelists will be contributing to the program theme; Human Relations and Communication in Education. Communications within the school, and between the school and general public, will be examined.

The keynote speakers are featured: Duputy Education Minister Dr. T. C. Byrne and Dr. D. W. Allen, dean of the school of education, University of Massachusetts.

600 New Rural Gas Services Planned for Next Summer

In 1970 Northwestern Utilities Limited expects to spend $6.5 million on capital improvements to its natural gas system serving north-central Alberta.

The company estimates it will add 4,800 new customers to its lines, 600 of which will be rural services; the balance will be extensions in existing communities served by the company.

The 1970 portion of the cost of bringing gas to the McIntyre Porcupine coal mine at Grande Cache is estimated at $1.1 million. Total cost of this 66-mile line, which was one-third completed by early January, has been estimated at $2.4 million.

The company's program to extend service to rural customers largely through plastic distribution lines will cost a further $1.1 million. Extensions on existing systems to provide service to new customers will cost over $1 million as will improvements to the production and transmission facilities.

General replacement of capital equipment, improvements and upgrading of existing system will make up the balance of the 1970 capital program, Northwestern Utilities' officials advise.

At the end of 1969 the company was serving over 135,000 customers. Peak volume of gas consumed last year occurred on December 28th when 495 million cubic feet of gas were consumed on the entire system. At that point the temperature, with the chill factor considered, registered 63 degrees below zero. The system's potential peak for 1969-70 has been estimated at 550 million cubic feet per day.

Northwestern ended 1969 serving 113 communities, four of which were added in that year. No new communities are expected to be added in 1970. The company's second largest gas consumer, the Imperial Oil fertilizer plant at Redwater, went on line in 1969 and is expected to run at a peak capacity of 25 million cubic feet per day during the current year.

Northwestern's largest gas user is the City of Edmonton main power plant which peaked last January at 66 million cubic feet per day. The second plant located at Clover Bar in northeast Edmonton will go on steam in the spring of 1970 and is designed for an initial peak load of 32 million cubic feet per day.

EVANSBURG NEWS

Much snow and blowing winds closed the schools early some days last week which made some of the students not exactly sad. However, now that the first semester is over and exams are in, it doesn't seem like too much more time to spend before the June exams will be here and then two months holidays.

Several people attended the Scout Council meeting held in the firehall. Plans were beginning to be made for summer Scout camps and of course, annual Cubaree.

Congratulations to Mr. and Mrs. Gilbert Getson Jr. on their recent marriage. Mrs. Getson is the former Miss Shirley Hutchinson of Evansburg. After a honeymoon through some of the western states, the couple will settle on their farm in the Chip Lake area.

Members of the Legion held their monthly meeting on the first Monday of the month. Plans for summer activities were made, as well as plans for the coming ice carnival.

Sympathy of the district to Mr. Grapentine on the death of Mrs. Grapentine. Mr. and Mrs. Grapentine came to the Park Court district from Germany in 1923. They farmed there for many years, finally moving to Evansburg. Mrs. Grapetine had been ill for some time but was always cheerful. Her great love was gardening and she always had flowers blooming all year long. She leaves to mourn her passing, two daughters and her husband Alfred.

We are glad to report that our son, Grant Bruner, finally made it home from the Glenrose Hospital, and though his leg and foot are in a cast, thanks to Mrs. Muriel Smith, he is able to attend school regularly. And, finally, I too, am able to hang up the crutches which I had to use for so long.

Report from the Legislature

By TONY COX

The first full week has felt the unorthodox procedural methods being adopted by the Conservatives. And party leader Peter Lougheed has indicated more surprises are in store.

This year, the Tories are placing less emphasis on the question period to extract answers from the government. Adopting an aggressive role, they have succeeded in having three bills tabled in the legislature, one which more clearly defines the role of the provincial ombudsman.

Another Tory bill, establishing an air and water pollution control commission was scrapped by the Speaker of the House, Arthur Dizon. He ruled that if the proposed act was implemented, it would have involved the expenditure of public funds. Only the government may table a money bill.

The decision gave satisfaction to Socred House leader Fred Colborne. He had protested the validity of the bill and had been miffed when his objections had been over ruled.

But he spearheaded the government recovery against the unusual Tory tactics by serving notice of a proposed rule change giving everyone 24 hours notice on the introduction of money bills.

Premier Harry Strom again has given assurances that by the mid 1970s, the demand for Alberta oil will be greater than the supply During his contribution to the Throne Speech, the premier said there is no competition with the newly discovered Alaskan oil because of the "oil-hungry appetite of the North American continent.

Education Minister Robert Clark, answering an Opposition question, disagreed with University of Alberta President, Dr. Max Wyman that a financial emergency crisis exists at the U of A

Mr. Clark said the University will have to set its own spending priorities just like everyone else in the present "tight money position". But he said the government has asked the Universities Commission to hold student fees at the current level.

For non-residents, Clark hinted at possible increases.

Medicare boycotters have until July 1st to decide whether they want to participate in the government's total health care package.

Health Minister Jim Henderson has warned that individuals who opt out of medicare will have to pay the entire cost of all medical and hospital services. This could discourage the dissenters as a day in hospital costs nearly $40.

The $1,000 emergency loan under the guaranteed interim assistance program to assist farmers through the winter because of a lack of cash, is to be expanded in its coverage area.

Socred backbencher Carl Muller (Pembina) wants the government to urge Ottawa to pay farmers for storing grain at home on the same basis as storage payments are now made to elevator companies.

Experiments by the 100-foot long triple trailer units on highway 2 between Edmonton and Calgary will continue until March 15 because of a lack of snow during the weekends, the only period during which the triples are permitted to operate.

During the Throne Speech debate, Bob Dowling (PC-Edson) urged negotiation with Ottawa to bring national park townsites under provincial jurisdiction.

Dave Russell (PC-Calgary-Victoria Park) suggested total relief for homeowners over 65 from the portion of property tax used to finance education costs, while Jack Horan (SC-Jasper Place) argued that open-pit mining sites could be converted to garbage fill disposal units and reclaimed as recreation areas.

Ray Reierson, acting Agriculture minister said as soon as adequate substitutes can be found, mercury compounds for the treatment of grain will be phased out. Reasearch into mercury residue in game girds and agriculture products, which has so far cost $60,000, is continuing.

Editorial Comment

Reasonable Request

The proposal by the Society For Daylight Saving Time for a test run this summer, prior to a plebiscite on the subject at the next provincial general election, appears to be a reasonable suggestion.

If Albertans are to be asked to vote on the subject -- (and the DST people suggest that Premier Strom has already indicated such a plebiscite) -- then they should have the opportunity of testing daylight saving before being asked to make a judgement. There are probably a great many Albertans of voting age who have never experienced D.S.T. and how it works in actual practice.

Despite all the arguments, pro and con, most Albertans, we believe, would likely be prepared to give the proposal a fair trial. They could then judge for themselves and be prepared to vote on the subject in an informed manner.

The Word is Traitor

There's a word for people who refuse the call of their country in a time of need -- and the word is traitor. We see absolutely no reason why the C.B.C. should devote half an hour Sunday evening protesting the legality of a fast shuffle back across the border of three U.S. army deserters.

We don't think the U.S. would be involved in Vietnam unless its leaders felt the commitment of men and arms was an absolute necessity. When this step was taken, popular or not, it demanded the loyality of the nation's citizens.

The U.S. administration has troubles enough at home without Canada getting into the act. If we wish to remain a friend of Uncle Sam, it's about time we started acting that way, and stopped accepting with open arms the people who are contributing to problems below the border.

Is there any reason to believe they would be more loyal Canadians than they are American?

AGRICULTURAL COMMITTEE NEWS
COUNTY OF PARKLAND NO. 31

Universal Warble Fly Control Area

Nine or ten years ago the cattle owners of this County formed Warble Spraying Associations.

At that time seventeen associations were very active and by spraying their cattle with a systemic or contact insecticide obtained satisfactory control of the warble fly. At present only two or three associations are active. Why? Most farmers, but not all changed to an easier method in the control of the dreadful pest, by using Pour-On insecticides.

To re-establish a unified control program, the Agricultural Committee decided, that in the near future all cattle owners be contacted to sign a petition to find out if warble fly control is desired.

If be chance you were not approached to this effect, please offer your opinion with yes or no in a note, or contact Mr. E. C. Lowe, D.A. or the Agricultural Fieldman W. Moelhoff at the County Office in Stony Plain.

Weekend Losses Eliminate Rebs

By Stan Elchuk

The past week end proved disastrous for the Rebels. On Saturday night Wetaskiwin waxed them 10-0 and on Sunday Camrose humiliated them 9-1. The Rebels needed at least one win and a Fort Saskatchewan loss to gain play off birth out of their last 2 games but they were bombed out in style.

It is hard to beleive that the league leaders at the start of the season are left as doormats. I stated at that time that the Rebels were stronger in every department. The new comers are a definite asset as individuals but they still look like the Rebels of the previous season when it comes to team work.

On the other hand it is not just that the Rebels are that bad but that the league is stronger all around and the rest of the teams have reached their peaks whereas the Rebels have slumped. It is all to easy to kick someone when they are down so let us hope they can pick themselves up along with our continued support and get back on to a winning streak.

They still have the Provincial Playdowns to look forward to and an exhibition game against the U of A Grads of previous years that may jar them out of the doldrums and get them playing hockey again.

The time of the exhibition game is Thursday, February 12 at 8:30 p.m. here in Drayton Valley. There are some real good hockey players on the U of A team and it will be interesting to see them in action. Check the line-up in the paper and see if you remember some of them.

New Democrats Get Ready in Whitecourt

New Democratic Party supporters, optimistic about their Party's chances in the newly-formed Whitecourt riding, have begun to organize for the next provincial election. The Party's Founding Convention, held in Whitecourt January 24th, was attended by members representing districts in the riding.

Also present was Provincial Party Leader Grant Notley, whose address to the group dealt with problems confronting constituents as Albertans and as Canadians. He outlined proposals for a three-price system for the sale of natural gas, and a government-operated auto-insurance plan.

All replacement classes of steers were $1 higher, with the lighter weight stock calves $1 to $2 higher.

Slaughter Cattle & Calves -- Slaughter steers and heifers of desirable weights were very scarce throughout the week. Prices opened 50 to $1 lower with a few handyweight steers bringing $30 in closing trade there were sales to $31 for choice kinds. Heavier steers and heifers were hard to sell at the usual discounts. Butcher heifers sold strong in closing trade with one package of handyweights topping 28.70. Good cows were 50 higher as the week closed with the odd sale over 21. Bulls steady. Veal and butcher calves unchanged.

Special Events Mark Baden-Powell Week

When "Johnny" does his daily "good turn" he is part of a world-wide movement of boys begun in 1907. It was in England and Sir Robert Baden-Powell was the organizer. When an unknown lad in foggy London offered to help a visiting American who had lost his way an idea was born. On learning that this youthful helper was a "Boy Scout", the American visitor, a publisher, conceived a plan for his own nation.

Charles D. Boyce returned from London, and with several others, formally incorporated the Boy Scouts of America on February 8, 1910.

Today the Scouting and Cub organization exists in almost every nation of the free world, from Afghanistan to Zambia, including nine million boys and leaders. At the 1963 World Jamboree in Greece, twelve thousand Boy Scouts and Cubs from 89 nations lived together as friends.

PARENTS PLEASE NOTE

On Sunday, February 15, a non-denominational Church Service will be held at 2:00 p.m., at the Cardium Theatre, Parents Please attend with your boy, a silver collection will be taken for charity.

CUBS and SCOUTS remember to wear your uniforms during Baden-Powell week, February 15 to February 22. Scouts are asked to wear the sashes on Sunday, February 15.

In commemoration of Baden-Powell Week the annual Father and Son Banquet will be held at the Elks Hall on Monday, February 16, 6:00 p.m. Price: Fathers $1.50, boys $1.00.

WARRIORS WIN LEAGUE TITLE

The FMHS Wariors basketball club claimed the NCHSAA Western Conference basketball title, and the Hudson Bay, 300th Anniversary Championship Trophy by turning back St. Albert High 70-29 in a game played last Friday afternoon at the local school. It was the Warriors seventh straight league victory with no defeats. The second place Paul Kane club boasts a 4 win 2 losses record and are now mathematically out of the division title race. This is the Warriors first year in this high rated league and they can take pride in bringing home the conference title to their school and community.

In the teams win over St. Albert, Keith Sodergren was in top shooting form as he banged home 28 individual points. Doug Ibbotson, who is beginning to regain some of his old time form, hit for an additional 16 points. Ken Dusterhoft played well and added another 11 points.

The team finishes out its league schedule tonight as they travel to Stony Plain in an effort to finish their league play undefeated.

The FMHS Warriors hosted the Leduc basketball club this past Monday and looking very sharp posting a 93-17 victory for their sixteenth straight victory of the season with no defeats. This is the longest win streak in the teams history breaking last years record string of fifteen consecutive wins. The previous season they had come up with twelve consecutive game win streak.

In Monday nights contest the Warriors club regained some of their shooting poise as they hit for 40.6% of their shots from the floor. In the first half they hit an excellent 46%. Numerous Warriors played well in this one. Again Keith Sodergren led the club with a second consecutive 28 point performance as he displayed the hot hand. Doug Ibbotson again followed with 20 points and Ken Dusterhoft with 14. Defensively Ron Cameron and Stan Oulton, Don Bouschard and Barry Swap closed off the Leduc club to a mere 17 points over the evening. Charles Swap rejoined the club and began to round back into form.

An excellent girls contest preceeded the boys game and Leduc came out on top 50-33 in this one and they ran away from their opponents in the last quarter. For the local team Janine LaBranche was tops with a fine 15 point performance.

Club Studies Public Speaking

The Drayton Valley 4-H Beef Club held its regular monthly meeting on January 20 at the Rasmussen home. Rev. Ingram of the Anglican church was the special guest present. He gave us some very useful information on public speaking. His advice was very much appreciated and we would like to than him for coming. Rev. Ingram was going to judge all our speeches but being as he had to leave early he had only time to judge three. These three were Valerie's talk on two people X and Y. Wayne's talk on stomach worms in animals. Barb's talk on dairy cattle. Dale gave a talk on the pens and barns for cattle. The talks were very interesting and entertaining. After the meeting Mrs. Rasmussen served a very delicious lunch.

The next meeting will be held at Mr. McKenzies home on February 17. There will be a special public speaking meeting on the on the 24th of February at Stewart's home.

There was quite a hockey game in Wabamun last Sunday as the mothers played the Mites and I understand the young lads really came to the fore with a score of 6-0. Better luck next time girls. Perhaps a little practise would make a difference.

The sympathy of the folks in the district to out to the Burton family in the loss of Mr. Wibur Burton who passed away January 29th. He is survived by one sister Mrs. Sawyer in the U.S.A.; and eight consins, Fred Burton of Seattle, Washington, Richard and Larry of Wabamun, Mrs. Irene Schonke of Quesnel, B. C., Mrs. Grace Matzmer of Abbotsford, B.C., Melton Burton of Edmonton and Mrs. Ray Martin of Victoria, B. C.

Mr. Burton was along time resident of Wabamun. He had always been a keen gardener and was very fond of flowers and of animals. He had a long experience in the logging business in different parts of Canada.

The pallbearers were Mr. Wm. Wichuk, Mr. T. Babiak, Mr. J. Mucha, Mr. D. Denton, Mr. E. Harrison and Mr. R. Hycha.

The funeral service was at the Park Memorial Chapel on February 2nd and burial was at the Beechmont Cemetery.

Congratulations are extended to Mr. and Mrs. Wm. Purdy on the arrival of their daughter, Lisa Eileen who was born on January 29th and weighed 5-9.

The Wabamun W.I. met at the home of Mrs. R. T. Ward on February 3rd. There were 9 members and one visitor present. After the opening and the minutes were read and the different committee reports were given plans were made to attend the Darwell W.I. meeting on February 4th as Mrs. Vera Holt will be the guest speaker (Mrs. Holt is the Constituency Convenor) for this area. After all business was finished there was an exchange of valentines and a lovely lunch was served by Mrs. Ward and the co-hostess Mrs. G. Hancock. Mrs. R. M. Watt was the winner of the tea prize.

SUB-MITS
FROM THE ELEMENTARY SCHOOL

A favourite topic of conversation among students, teachers and parents is the question of homework. How do you feel about this? Is it necessary or not? Here are a few reasons why there should be no homework. The ideas are not mine, but come from a book, "The Nongraded Primary School"

1. After a six or seven-hour school day, a child is tired, and it is too much to expect him to do homework. Not only is there too little time left for play but reading books for seven, eight, or more hours a day may lead to cramped lungs and eyestrain because children may be unable to obtain enough physical exercise.

2. The extra work load may reduce the interest and vigor with which the child faces the next day's work.

3. Homework is often work for the parents instead of the child, and parents frequently do it in a way not approved by the teacher. Thus, the parents just confuse the child.

4. Parents are seldom qualified to supervise home study. It is better for the children to do careful, guided study at school where their needs for special help or further information can be met.

5. Homes do not always provide suitable study conditions or facilities.

6. Other educationally valuable activities such as scout meetings, music lessons, church activities, club meetings, hobbies, recreational reading, educational TV programs, and play may be neglected.

7. The harmony of family life may be jeopardized, and in cases where the home offers cultural opportunities, its positive influence on the child's development may be reduced.

8. In some schools where homework has been abolished or severely limited, the sum total of achievement does not seem to have been affected.

Next week -- a few arguments for homework.

One of our teachers in a grade three classroom is Mrs. Dawn Baker. She has been on staff here for four years. Mrs. Baker was born in Nanaimo, B. C. and attended kindergarten there. She began grade 1 in Lantzville, B.C. and finished the rest of her schooling in High Prairie. Then she spent two years at the U of A in Edmonton. Mrs. Baker enjoys reading and handicrafts of all kinds.

Explanation of the Week: Mr. Elliott, to a boy from Miss Madsen's room: "Tell me Todd, just how did you get that black eye?" Todd: "My sister kicked me in the seat."

Sincerely,
Olga Brown.

Evansburg Church Setting for Getson-Hutchinson Nuptials

The Evansburg United Church was the scene of a very pretty wedding on January 24th when Shirley Margaret, only daughter of Mr. and Mrs. H.A. Hutchinson of Evansburg became the bride of Gilbert Roy Getson, eldest son of Mr. and Mrs. G.R. Getson, Wildwood. Reverend E. Martin of Drayton Valley officiated.

Given in marriage by her father, the bride wore a white, long sleeved, empire style gown of rayon and nylon lace over rayon taffeta, with a long oval train. She also had a floor length veil and carried a bouquet of red roses and lily of the valley.

Bridal attendants were Miss Linda Schuster, Edmonton, cousin of the bride; Miss Shirley Getson, Wildwood, sister of the groom; and Miss Roseanne Udchitz, Edmonton. All attendants wore matching teal blue dresses of taffeta and velvet and carried bouquets of white and blue mums.

Flower girl was Tammy Pelky niece of the groom. She wore a teal blue velvet dress and carried a basket of flowers. Ring bearer was Ronnie Getson, brother of the groom.

Groom's attendants were Dennis Getson, brother of the groom Jerry Carlson and Andy Kremeniuk.

For her daughter's wedding, Mrs. Hutchinson chose a matching coat and dress of nylon lace over rayon taffeta in a bright pink. The groom's mother, Mrs. Getson chose a matching dress in a turquoise color. Both wore matching corsages.

Ushers were Fred Hutchinson, brother of the bride and Marvin Schuster, cousin of the bride.

A reception for 200 people was held in the Wildwood Community Hall.

The bridal table was centered by a three-tiered wedding cake, baked by the bride's mother, and decorated by Mrs. Rae Weist. John Ohnysty was master of ceremonies and toast to the bride was proposed by Roy Bailey an uncle of the bride.

Catering was done by ladies of the Wildwood and District Agricultural Society. A dance followed the reception with music by Ohl's Orchestra.

The bride's going away outfit was a navy pant suit with a corsage of red roses. The young couple planned on a trip to the U.S. On their return they will live in the Chip Lake area.

Out of town guests were Mr. and Mrs. H.S. Kemp and family of Pincher Creek, aunt of the groom; Mrs. Ruby Parsons, Pincher Creek, great aunt of the groom. Other guests were from Calgary, Edmonton, Onoway, Camrose, Edson, and Lethbridge.

Datsun 1600 gives you a powerful good feeling

If you only drive the Datsun 1600 around town, you may never find out what you've got.

Sure, it's a great city car. Compact. Handy. It zips through traffic, parks in impossible slots and squeezes up to 35 miles from a gallon of gas. But that's not all it is. Not by a country mile.

Find yourself a country mile and see.

There's a high-performance 1600 cc overhead cam engine lurking under the hood. 96 hp. 100 mph. Let it loose, and feel the way the Datsun snugs down to the road as you go through the box. And feel the way it hangs on as you snake through the bends. Drive it fast and just feel good.

Then take a look at the package all this goodness comes in.

Two doors, four doors, or a wagon, 4-on-the-floor or 3-speed automatic transmission. Contoured bucket seats, all independent suspension, collapsible steering column, flow-through ventilation, heater, defroster, headrests, harnesses, the works. No other economy car is as safe, powerful and comfortable as the Datsun 1600.

When you've wrung out the Datsun 1600, take it back to the dealer and have him quote you the price just one more time.

That will give you a pretty good feeling, too.

RAMONA NEWS

The flu bug has made its rounds in the community and I was one of its victims so we are all behind in the news.

Andy and Liz Kmyta and family are renting a house south of Rocky Rapids. We hope you are all settled now folks.

Cecil Kelly was home last week for a couple of days to buy some new clothes. While working up at Whitecourt two of Anchor's bunk houses burned down and the men lost pretty well all of their belongings. We sure hope Kelly's luck takes a turn for the better soon.

The sewing classes will be starting soon. If we can get ten teen-agers to take sewing lessons they will have a teen class. The cost for teens is $2.50 which comes to about 25¢ a lesson and I think you will find them fun and informative. If you are interested please phone 542-2252 or Mrs. VandePloeg at 542-3293.

LODGEPOLE NEWS
